TO ALL CONCERNED PERSONS AND AGENCIES:

Enclosed is a tentative amended Water Quality Certification for the GCB Communities Creekview Development Project. To be given full consideration, any comments or recommendations you may have concerning the tentative amended Water Quality Certification must have been submitted by 1 May 2015 in writing to the Central Valley Regional Water Quality Control Board (Central Valley Water Board). Any further written materials submitted after this date and time will not be accepted and will not be incorporated into the administrative record absent a ruling by the Chair. A party requesting to submit late materials must demonstrate good cause for the late submission, and the Chair must find that the late submission would not prejudice the Central Valley Water Board or any designated party. A Public Hearing has been scheduled for the Central Valley Water Board to consider adoption of the tentative Order at its 4, 5 June 2015 Board Meeting. The Notice of Public Hearing is also enclosed. To conserve resources, this letter transmits a paper copy of the tentative documents to the discharger only. Interested persons are advised that full text of the tentative documents is available on the Central Valley Water Board's web site at
